Your date

Within each season, pricing moves with the month and the day of the week: Saturdays in June, September and October are our most requested dates, sit at the top of their ranges and are sold very quickly. Fridays, Sundays, weekdays and winter dates offer the best value. Your Event Specialist will confirm the exact package price, guest minimum and site fee for any date you are considering.

Guest counts. The package price is charged per guest on your guaranteed guest count or your date's guest minimum, whichever is greater. On weekend dates in peak and shoulder season, guests above the minimum are added at a reduced per-guest rate. Hosting 150 or more? Ask about large-celebration pricing.

Fees and taxes. All pricing is subject to a 20% administrative fee and Massachusetts meals tax, and may change until your date is contracted.

Say “I Do” With Us

How Your Pricing Works

Here is how your total comes together.

- 1

Find your date

Find your season and day of the week for the package price range and guest minimum. Your Event Specialist confirms the exact rate for your date.
- 2

Count your guests

The package price covers every guest up to the season's minimum. If you reach your minimum, additional guests for certain dates may be added at a reduced additional-guest rate.
- 3

Add your date's fees

Your date's site fee, plus the ceremony fee for your month if you marry at Harrington Farm.
- 4

Administrative fee and tax

A 20% administrative fee applies to the subtotal, and Massachusetts meals tax is added at the current rate.

REAL LIFE EXAMPLE

Reserving Your Date

An initial deposit reserves your date. Further deposits are due twelve months, six months and ten days before your wedding, and you are billed on your actual guest count or your guaranteed count, whichever is greater. Planning a wedding less than twelve months out? We will tailor the deposit schedule to your timeline.

Tasting and Planning

Every booked couple receives two tickets to A Taste of Harrington Farm, and your Event Specialist guides menu, timeline and vendor decisions from booking through final planning.
